New York Trio Vol. 1

For the audience who enjoyed the original music of Takeshi will have another pleasure at Kitano, the standards. The jazz pianist will hand-pick the numbers from the vast jazz literature for the two sets for the night and will mix with now-popular original pieces such as most requested "Spring Thunder," the most

acclaimed in Europe “Le Crepuscule” and the relatively new from his “Takeshi Asai New York Trio, Vol. 1,” which has been internationally acclaimed as “biggest surprise” and “gem.”

Another treat for the audience is that he uses the original recording members, bassist Daniel Ori and drummer, Rob Garcia -- award-winning great composers on their rights, whose superb sideman-shops are the very essential to the trio. Press tickets will be arranged upon request.
